

Lab1Questions

- Due Sep 9 at 11:59pm
- Points 24.7
- Questions 22
- Available until Sep 9 at 11:59pm
- Time Limit None

Instructions

If you get a questions incorrect and you think it should have been correct, please wait until after the actual grading has been completed before you ask for a regrade. With respect to canvas assignments, if there is a point deduction by canvas, I or the TA's will look at the question to determine there is indeed should have been a deduction. In other words, we will review all questions that received a point deduction. We are humans and can/do make mistakes, therefore, after all grading for a lab assignment is complete the TA will send a message indicating the grading has been completed. You have 7 days from that time to ask for a regrade request. After 7 days, we will not regrade your lab assignments.

This quiz was locked Sep 9 at 11:59pm.

Correct!

C

Correct Answers

c

C

Question 13

1 / 1 pts

Under what circumstances can you make an in-class activity?

Your Answer:

You can not make-up an in-class activity.

Question 14

1 / 1 pts

Under what circumstances, can you work on labs, homework, programming assignments, etc. with another student?

Your Answer:

You may not work on these assignments with another student unless otherwise stated.

Question 15

1 / 1 pts

Describe the policy, from the syllabus, for missed exams.

Your Answer:

You must bring an excused absence/letter from a doctor after informing you of your absence PRIOR to the exam. Notes must be in full detail and must be issued from a doctor and never from a club president/event.

Question 16

1 / 1 pts

If you believe Dr. Feaster or the grader has graded an exam, homework, or in-class activity incorrectly, what should you do? Be specific.

Your Answer:

One must state why they believe that the question was graded incorrectly. It is not enough to state that "I thought the answer was this; could you look at it again?"

Question 17

1 / 1 pts

In the syllabus, I discussed academic integrity. I mentioned several things that could be considered a violation of academic integrity. List these:

Your Answer:

discuss in detail the code in your program with another person (other than the instructor or the lab TAs)

use code obtained from another student, or any other unauthorized source, either modified or unmodified (each student is responsible for protecting his or her files from access by others)

use of reengineering tools

submit work of others, from the Internet or any other source

use unauthorized aids such as the textbook or other individuals on assigned work or exams

use any type of Artificial Intelligence to complete assignments, labs, etc.

Question 18

1 / 1 pts

What are the consequences if it is determined you have cheated in this class or lab.

Your Answer:

If it is determined that I have cheated the consequences will be substantial, ranging from -100 on the assignment to an automatic F in the class.

Question 19

1 / 1 pts

What are the names and email addresses of your lab TA's?

Your Answer:

Tyler A. Herrman - herrman@clemson.edu (<mailto:herrman@clemson.edu>)

Jayanth Koduri Mr. - jkoduri@clemson.edu (<mailto:jkoduri@clemson.edu>)

Question 20

1 / 1 pts

In your own words explain the attendance policy of the labs. (Are you required to attend? How long are you required to stay? Penalties for violating the attendance policy.)

Your Answer:

Unless otherwise stated, you are required to attend both lab sessions on Tuesday and Thursday and you must stay until the lab class is over. You will receive a deduction of 30 lab points if you violate any lab attendance policy.

Question 21

1 / 1 pts

Answer the following questions:

Where can you find the lab assignments?

If you turn in a lab late is there a penalty; if so what is the penalty?

Under what condition can you submit a lab assignment through email?

Your Answer:

You can find lab assignments under the assignments page in the lab canvas.

You may submit your lab assignment up to two days late, with a 10 point deduction for each day late.

Your work should be submitted via the submission program indicated on each assignment. You may not use email to submit any lab work unless the submission program is not operational.

Question 22

1 / 1 pts

What should you do if you have questions about the lab after the labs are officially over?

Your Answer:

You should attend TA office hours. And if you need to email them, email from your official Clemson email address.

Quiz Score: 24.7 out of 24.7
